

Manage Project Applications

The application manager allows performing the following actions through the cloud web portal.

- [Upload Application](#)
- [Application Information Panel](#)
- [Editing an Application](#)
- [Deleting Applications](#)

A project administrator can also manage the applications through [Applications Rest API](#).

To navigate to the 'Applications Lab' click 'Applications' from any screen.

The screenshot shows the SeeTest Applications management interface. The left sidebar has a menu with 'Applications' highlighted in red. The main area displays a table of applications with the following data:

Project	Application Name	OS	Package Name	Release Version	Build Version	Uploaded	Size
Default	Boop	Android	com.example.myapplication/Mai...	1.0	1	27/04/2020 13:02	2.0 MB
Default	Boop	Android	com.example.myapplication/Mai...	1.1	1	23/02/2020 11:43	2.0 MB
Default	Boop	Android	com.example.myapplication/Mai...	1.1	1	25/03/2020 11:53	2.0 MB
Default	Browser	iOS	com.experitest.Browser	1.0	1261	09/01/2019 15:33	611.7 KB

Upload Application

Step 1: Click 'Upload'.

The screenshot shows a close-up of the 'Upload' button in the SeeTest Applications interface. The button is blue with white text and is highlighted with a red box. Below the button, the text 'Showing 3503/3503 applications' is visible. A table of applications is partially visible below the button.

Step 2: Select the file to be uploaded.

You can do the following actions with the uploaded application.

- Download
- Install
- Re-Instrument Application
- Uninstall Application
- Delete Application

Application Information Panel

Step 1: Click the application line.

The following information is available about the application:

- Application Logo
- Full Application Name - bundle id for iOS applications/package and activity name for Android applications.
- Uploaded - date and time, when an application was uploaded.
- OS (Android/iOS)
- Release Version (`versionName` for Android, `CFBundleShortVersionString` for iOS)
- Build Version (`versionCode` for Android, `CFBundleVersion` for iOS)
- Size - application file size.
- Unique Name - can be specified only when uploading application via API. The application can be installed using its unique name.
- Notes

iOS-specific information

- Distribution type - Development / Ad Hoc / Enterprise / App Store
- Allow Resign - 'true' by default. can be changed to false only when uploading application via API
- Profile to use - can be specified only when uploading application via API

Android-specific information

- Camera Support - specified when uploading application
- Fingerprint Support - specified when uploading application
- Network Capture Support - specified when uploading application
- Custom Keystore - can be specified only when uploading application via API

iOS Application Information Panel:

The screenshot shows a dark blue header with the text 'Application info' and a close button. Below the header, the application name 'Experibank' is displayed in a large font, followed by the bundle ID 'com.experitest.ExperiBank'. The main content area is divided into two columns of information:

UPLOADED	OS
13/05/2020 17:05	IOS
RELEASE VERSION	BUILD VERSION
1.0	1766
SIZE	UNIQUE NAME
174.5 KB	<i>None</i>
<hr/>	
DISTRIBUTION TYPE	ALLOW RESIGN
Development	True
PROFILE TO USE	
<i>None</i>	
NOTES	
<i>None</i>	

Android Application Information Panel:

Application info

EriBank

com.experitest.ExperiBank/.LoginActivity

UPLOADED	OS
19/06/2020 10:32	ANDROID
RELEASE VERSION	BUILD VERSION
1.2448	2448
SIZE	UNIQUE NAME
1.3 MB	<i>None</i>

CAMERA SUPPORT	CUSTOM KEYSTORE
False	False
FINGERPRINT SUPPORT	NETWORK CAPTURE SUPPORT
False	False

Editing an Application

To edit an application, select it and click the edit command.

For the iOS application, it is possible to update the following information:

- Allow resigning application
- Provision profile to use when signing
- Unique name of the application
- Application notes.

Edit Application Info ✕

PressTheDot
dfs.PressTheDot2

Allow Profile Resign

PROFILE TO USE

UNIQUE NAME

NOTES

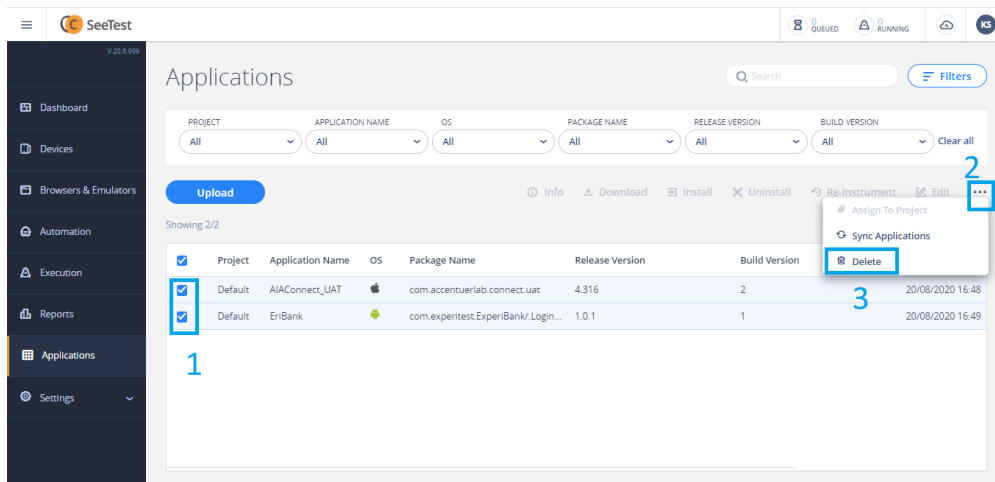

For the android application, it is only possible to update the application notes.

Deleting Applications

Single or multiple applications can be deleted together. Cloud Admin can delete applications across the projects whereas the Project Admin or User can only delete applications from the projects they are assigned to. The Users can be further restricted to delete applications

by configuring the project settings.

To Delete applications, Go to the Application page, select the One or more applications followed by clicking on three dots on the right side, to reveal the delete option.

The screenshot shows the SeeTest interface with the 'Applications' page selected. A table lists two applications. A context menu is open over the 'Delete' option for the second application. Red numbers 1, 2, and 3 highlight the selection checkboxes, the three-dot menu, and the 'Delete' option respectively.

Project	Application Name	OS	Package Name	Release Version	Build Version	
<input checked="" type="checkbox"/>	Default	AIAConnect_UAT	Apple	com.accentuerlab.connect.uat	4.316	2
<input checked="" type="checkbox"/>	Default	EriBank	Android	com.experitest.ExperiBank/Login...	1.0.1	1

On clicking delete, the delete application dialog will pop up. Click on the Delete button to delete the applications.

The screenshot shows the SeeTest web interface. The main heading is "Applications". Below the heading, there are filter dropdowns for PROJECT, APPLICATION NAME, OS, PACKAGE NAME, RELEASE VERSION, and BUILD VERSION, all set to "All". A "Clear all" button is to the right. An "Upload" button is visible. A table lists applications with columns for Project, Application Name, Build Version, and Uploaded. Two applications are shown, both selected with checkboxes. A "Delete Application" dialog box is open in the center, asking "Are you sure you want to delete all 2 applications?". The dialog has "Cancel" and "Delete" buttons. The background table has the following data:

Project	Application Name	Build Version	Uploaded
Default	AIAConnect_UAT	2	20/08/2020 16:48
Default	EriBank	1	20/08/2020 16:49
