

Mobile Studio - Mobile Manual Testing

Beta Limitations

The new Mobile Studio is an improved version of our [Manual Testing](#) tool.

Please notice the Mobile Studio is in Beta and some of the features will be disabled.

Continuous Testing allows you to manually test native and web mobile applications. There is a wide array of devices that you can choose from and test on.

With the Continuous Testing Cloud Platform, you can **open a device**, **install the app** or browse to your **mobile website and start testing**. Manual testing also allows you to **monitor the behavior of your app in terms of CPU** and memory consumption, as well as its behavior under different network conditions.

Opening Device in the Mobile Studio (Beta)

The device can be opened in Manual Mode by clicking the OPEN button on any device in Expertest Cloud LaunchPad.

Mobile Devices

STATUS: All | OS: All | VERSION: All | MANUFACTURER: All | MODEL: All

10/10 devices

 <p>Available</p> <p>eilon.grodsky's iPad iPad Pro</p> <p>Europe - Master iOS 12.1.1</p>	 <p>Available</p> <p>Michaels iPhone 11.1.2 - Audio 2 iPhone 8+</p> <p>Europe - Master iOS 11.1.2</p>
 <p>Available</p> <p>Xiaomi Redmi 5A Redmi 5A</p> <p>Europe - Master Android 7.0</p>	 <p>Available</p> <p>LGE LG-H850 - Audio 1 LG-H850</p> <p>Europe - Master Android 5.0</p>

In the multi-regional cloud, region selection will appear. Please choose a region that is close to your location to filter the device and have a better experience when using devices.

Mobile Devices

STATUS: All | OS: All | VERSION: All | MANUFACTURER: All | MODEL: All | CATEGORY: All | REGION: All

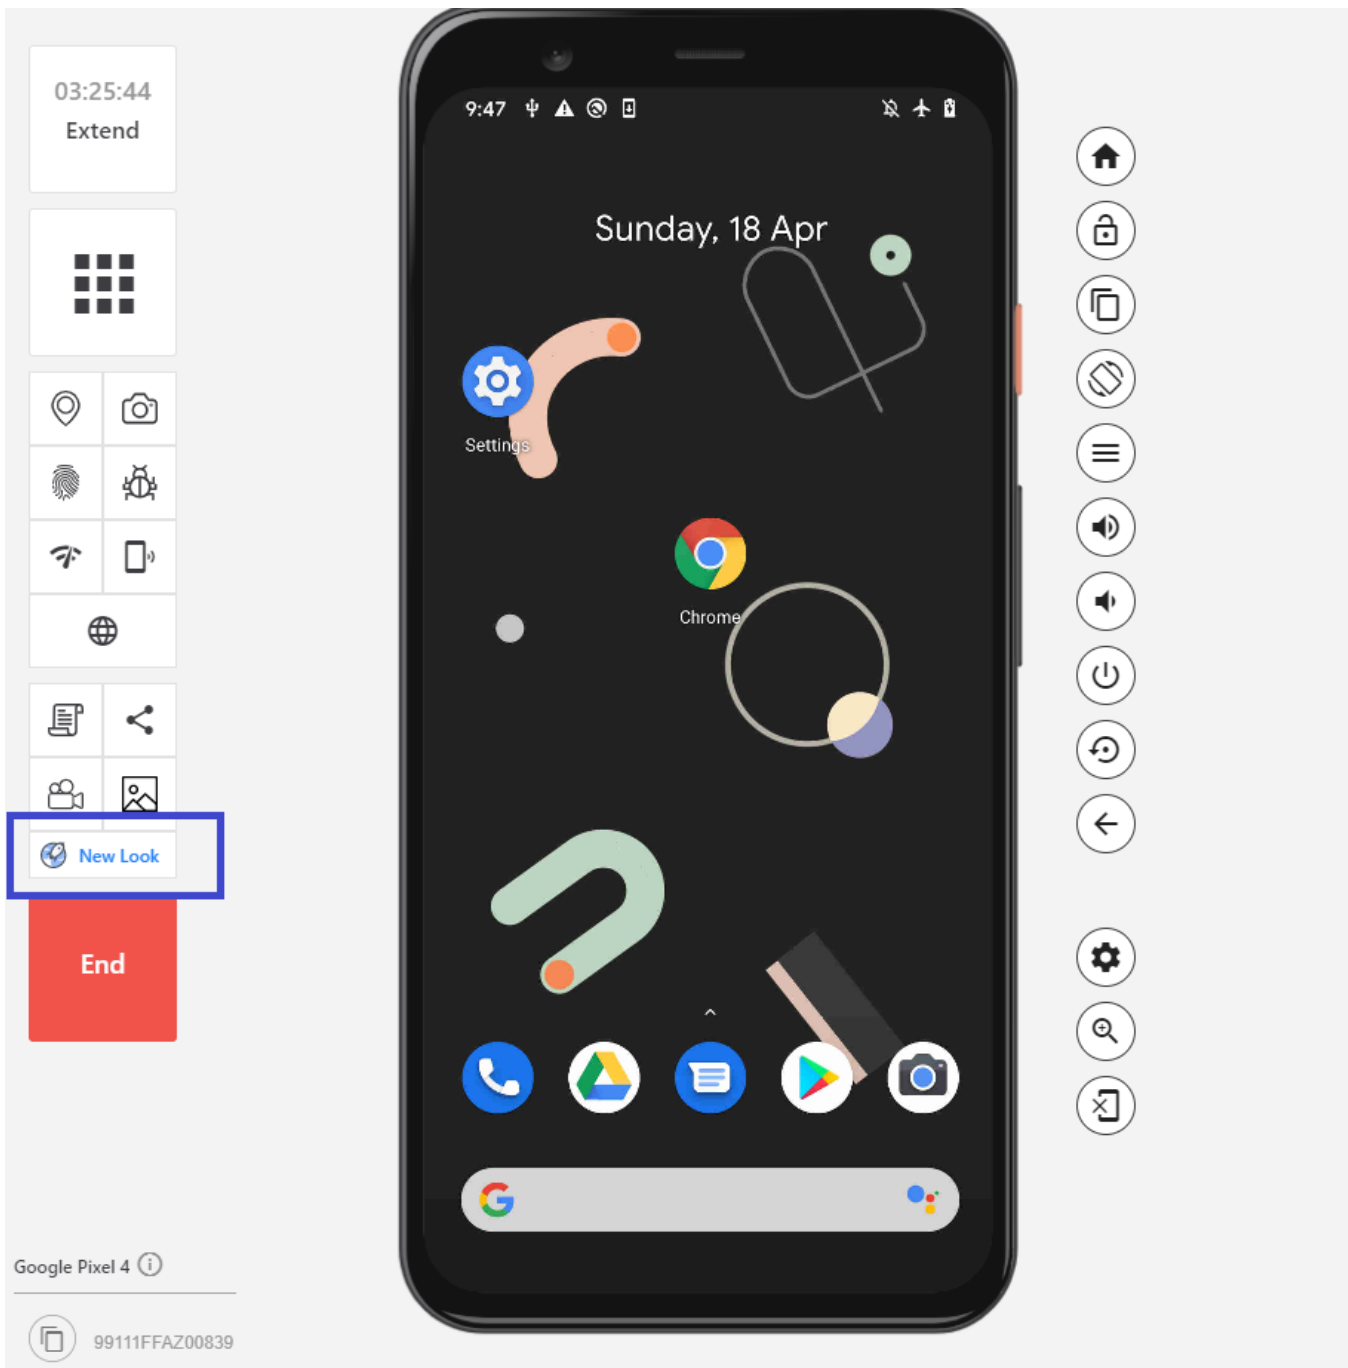

- All
- Europe - Master
- n/a
- USA

10/10 devices

 Available eilon.grodsky's iPad iPad Pro Europe - Master iOS 12.1.1	 Available Michaels iPhone 11.1.2 - Audio 2 iPhone 8+ Europe - Master iOS 11.1.2	 Available asus ASUS ASUS_Z00AD Europe - Master Android 5.0
 Available Xiaomi Redmi 5A Redmi 5A	 Available LGE LG-H850 - Audio 1 LG-H850	 Available htc Nexus 91 Nexus 9

The above action opens up the device for performing many actions.

Switch to New UI

Click the 'New Look' button to switch to the new UI.
