

Digital.ai Continuous Testing 22.7 Release Notes

Digital.ai Continuous Testing 22.7

Release Notes

Released 03 August 2022, [Previous release notes](#)

The Highlights:

- [Playwright Support](#)
- [Latest Browser and OS Version Support](#)
- [Additional New Features](#)
- [Cloud Management](#)
- [Bug Fixes and Improvements](#)
- [Next Release and Important Announcements](#)

BETA Playwright Support

Digital.ai Continuous Testing now supports Playwright which enables reliable end-to-end testing for modern web apps.

Explore our new playwright integration [here](#).

*Playwright support is available only in SaaS clouds.

Latest Browser and OS Version Support

- iOS 15.6
- iOS 16 Beta 6
- Android 12* & 13 Beta 4*
- Chrome: 103 (104 beta*)
- Firefox: 103 (104 beta)
- Edge: 103 (104 beta)
- Safari: 15.4

Supported Mobile Operating Systems

- **Android Devices**
 - Android 5.1 and above
- **iOS Devices:**
 - iOS 12.3.x, iOS 12.4.x
 - iOS 13
 - iOS 14
 - iOS 15

Notes and Known Issues

- Limitations on Android 12 and 13 devices are mentioned [here](#).
- Due to the latest limitations, it is suggested to remove the passcode on iOS 15.x and 16 beta devices in the cloud. Read the complete iOS limitations [here](#).
- Since Appium Client 8 is not supported in Appium Grid due to technical limitations, please use Appium OSS.
- Chrome 96 version is supported only in macOS BigSur and later.
- The latest beta version of Chrome (desktop) is presenting black screenshots instead of the actual browser screen in automated execution.

- Currently, the QuickStart tests on the Automation page are not compatible with [Appium OSS projects](#).

Additional New Features

+ Appium OSS- Added HybridClearCache command to the [list of extended capabilities](#)

+ Appium OSS- Added startStepGroup & stopStepGroup commands to the [list of extended capabilities](#)

Cloud Management

This section is only relevant for Cloud Administrators.

To access the Cloud Management [documentation](#), you should **log in**.

In case you do not have credentials please contact support@digital.ai

On-Premise Deployment

Important Notes and Known Issues

- We are now supporting new versions of PostgreSQL 14.2 / 13.6/ 12.10. Starting from 22.8 we will not support old versions 9.6.x /10.7+/11.x for both cloud and reporter.
-
